Survivors of Suicide Support Group

A monthly Support Group for those Bereaved by Suicide

Survivors of Suicide Support Group (**SOS**) meets monthly to provide support and networking to those who have had a family member, friend or partner die by suicide.

We say the word “**survivor**” for those bereaved by suicide because it reflects the difficulties that face people who have had someone they love, die by suicide.

The **SOS** support group offers each survivor hope and assistance in dealing with his/her loss.

The **SOS Support Group** meets monthly on the **first Wednesday** of each month at **7pm**.
